## SONG & SMILES, PHNOM PENH SHINES!

Welcome to the first-ever International Choir Competition Phnom Penh, where the power of music harmonizes with the warmth of Cambodia's legendary smiles.

Phnom Penh, with its evolving skyline, modern hotels, trendy restaurants, and vibrant nightlife, paints a portrait of a city unceasingly reinventing itself.

From Wat Phnom where the capital has drawn its roots to Koh Pich, the local "Manhattan", through the old European quarter dating from the French protectorate, the past is linked to the present and delivers the contrasts of a metropolis in full evolution.

Remarkable venues throughout the city will provide choirs great conditions to shine on stage. The choir competition will feature a diverse range of categories, ensuring that each choir can participate based on their unique repertoire and performance level.

Join us in this harmonious celebration where Songs & Smiles converge and let Cambodia's capital Phnom Penh illuminate your choral journey. Against the backdrop of a city that embodies both its rich history and a future full of promise, your choir's performance will resonate with the spirit of a city that shines on every note.
